Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Friday 31 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Damp start. Drier and brighter later. Windy and very mild.

Today:
Rather cloudy with outbreaks of patchy light rain at first. Becoming drier and brighter into the afternoon. A windy day and gusty at times, especially to the lee of the hills. Very mild for the end of December. Maximum temperature 15 deg C (59 deg F).

Tonight:
After a dry evening, a band of cloud and patchy light rain will move eastwards across the region overnight, clearing by dawn. Staying windy and another mild night. Minimum temperature 11 deg C (52 deg F).

Saturday:
After a bright start, a band of rain will move eastwards during the early part of the afternoon. Becoming drier with some clearer spells later. Windy and very mild. Maximum temperature 14 deg C (57 deg F).

Outlook for Sunday to Tuesday:
A mixture of sunshine and showers Sunday and Monday, perhaps some longer spells of rain. A band of rain moves south Tuesday, turning brighter and colder with scattered showers following.
